

SWEDEN and POLAND

Two students on the phone.

+ Hi!

-Hey, good evening!

+ Today, our teacher told us that we have to do a presentation about Sweden. So, what should I know about this country?

-Well, in Sweden young people usually go to concerts and cinemas with their friends. However, they're so responsible with their studies and they organise their time well.

+Wow, there are a lot of differences between Sweden and my country! And, what about the typical food?

-Oh, our typical food are the Kotlallar (meat balls with a special sauce), the krapakakor(filled potatoes) and so on.

+ It sounds great! Could you tell me the most interesting places of your country?

-Our most important city is Stockholm. There, you can visit the Vasa Museum, the Real Opera of Stockholm...

+ It might be wonderful! And, finally tell me about some famous people there, please!

-The famous group named ABBA is so important around the world, also Alfred Nobel was born here and grewed up here!

+Okay! I don't need to know anymore about your spectacular country! Thank you so much.

-Your welcome! It was a pleasure!
